

U35 news

May, 2019

U35 is a TEU **network for our members who are Under 35.**

Young workers are the future of the union movement and our members are connected to a number of social movements. The strands of our young members are brought together in our network, with members from across the country.

Conference 2019

At our 2019 National Conference the **U35 network achieved representation** in Council and in the Union's three national committees: Te Toi Ahurangi, National Women's Council and Industrial and Professional Committee.

There has been a call for nominations - if you want details contact your branch president or teu@teu.ac.nz

Stand Up

TEU members are represented in Council of Trade Union's youth network: Stand Up.

To find out more about Stand Up head ot <https://www.union.org.nz/standup/>

Your voice

Our members have also been **working on a youth charter and planning for our first hui.** If you have thoughts on what is needed to ensure young workers in the tertiary education sector have good pay and conditions then get in touch. You'll find space on our new web page to send comments, pictures, videos - anything you think is needed for U35.

It's our network - so take two for TEU

If you have thoughts and ideas you want shared then email
