

I am a General Staff member at the University of Otago and have been the Branch President/Co-President since the TEU was formed in 2009.

I've decided not to be nominated for the role in 2019 and would like the opportunity to direct my TEU energy to a National level for a while.

I have been involved in Union activity at a National level in the past, starting with the AUS Status of Women Committee and I have served on the TEU University Sector Group, National Council and the Tiriti Partnership Group as well as attending National Conferences and Branch President Forums. I have been a University General Staff rep on the Industrial and Professional Committee since 2017.

I would like to see the TEU develop robust communication channels between sector reps and their constituencies so that all members know they are well represented at national meetings.

I'm particularly interested in recruitment and how we can support members having recruitment discussions with their colleagues.
